- Drafted grant applications to secure funding for projects

Taggart Associates has assisted the Landmark Towns Regional Main Street Program by identifying and prioritizing economic redevelopment projects in the towns of Bristol, Morrisville, New Hope and Yardley. By working with Main Street Committees and other community members, Taggart Associates determined which projects were most important to the revitalization of the downtown business districts in these four distinct places.

Taggart Associates also provided the Main Street Program with a menu of available programs that might potentially fund each of the improvement projects. The final report also contained steps to secure the funding and advance all the projects. Finally, Taggart Associates prepared funding applications for certain catalytic projects such as the New Hope Arts Center, a \$2 million revitalization project in downtown New Hope.
